Success: If you choose **Email**, a success message confirms your invoice has been sent. You can track delivery from the **Dashboard**.

If you choose **Share payment link**, ClearBooks displays the link on screen. Tap **Copy** to send it via your preferred messaging channel.

What happens next

ClearBooks tracks the invoice status for you:

- Sent (your customer has been notified)
- Viewed (your customer has opened the invoice)
- Paid (payment has been received and matched to the invoice automatically)

You can check the status at any time by tapping Invoices on the home screen.
